#### ONLINE INTERACTIVE MATHEMATICS TRAINING ON

## NUMBER THEORY & ALGEBRA 17-21 August 2020

# The program will be held online

This program is meant to expose some fundamental as well as advanced topics of mathematics to the undergraduate students in a highly interactive way. The focus will be on examples and problem solving. The participants are expected to take part in the program sincerely and wholeheartedly. The students from remote parts of Odisha who have demonstrated interest in mathematics in terms of their participation in Regional Olympiad Examinations, Madhava Mathematics Competition or similar programs shall be preferred. Unless you are prepared and willing to work hard, please do not apply. Your interest is more important than your knowledge.

## **Organizing Team**

Professor K. Srinivas, IMSc, Chennai
